## **SMART's BioSyM Microfluidics Research Featured in Forbes**

A group of foreign journalists visited CREATE in April as part of a press tour to learn about CREATE and SMART's contributions to Singapore's Smart Nation vision. In particular, the foreign media delegation heard from Dr Narayanan Balasubramanian and Dr Andrea Pavesi on SMART-BioSyM's work on microfluidics and its potential applications in detecting circulating cancer cells.

Check out the report on Forbes: <http://www.forbes.com/sites/federicoguerrini/2015/05/14/inside-mits-labs-in-singapore-where-researchers-develop-new-methods-for-early-cancer-detection/>

Click [here](#) to know more about SMART-BioSyM. Like us on Facebook, or follow us on twitter to keep up with the latest in interdisciplinary research at CREATE!
