SMART-FM's Autonomous Vehicle Research Featured in the Philippines' The Inquirer

A press tour that consisted of foreign journalists visited CREATE in April 2015 to learn about the research at CREATE and its alignment to Singapore's Smart Nation vision. In particular, they heard from Associate Professor Marcelo H Ang Jr (pictured, in checkers) and the SMART-FM team on their work on Autonomous Vehicle (AV) technology.

The AV technology from SMART was recently featured in The Inquirer, the Philippines's most widely read newspaper. Click [here](#) to read the article.

Note: Assoc Prof Ang Jr is a naturalised Singaporean who originated from the Philippines.

The SMART-FM research programme is funded by the National Research Foundation Singapore under its Campus for Research Excellence and Technological Enterprise (CREATE) programme.
